

MISSOURI HERPETOLOGICAL ASSOCIATION

17TH Annual Meeting
25-26 September 2004
Squaw Creek National Wildlife Refuge

PAPER SESSION

Time	Author(s)	Institution	Paper Title
1:15	Steven Hart ^{1*} , Frank Durbin ² and Todd Eckdahl ¹ .	Missouri Western State College, St. Joseph ¹ ; and Squaw Creek National Wildlife Refuge ² .	Genetic analysis of massasauga rattlesnakes (<i>Sistrurus catenatus</i>) using microsatellites.
1:30	Carlos Martinez Rivera* and Carl Gerhardt.	University of Missouri, Columbia.	Chorusing behavior of the bird-voiced treefrog (<i>Hyla avivoca</i>).
1:45	Jarrett Johnson* and R.D. Semlitsch.	University of Missouri, Columbia.	Terrestrial habitat use and overwintering sites of the gray treefrog (<i>Hyla versicolor</i>) in Central Missouri.
2:00	Sean Fogarty and Robert Powell*.	Avila University, Kansas City.	Status of Lesser Antillean iguanas (<i>Iguana delicatissima</i>) on St. Eustatius, Netherlands Antilles.
2:15	Lisa Lehnhoff.	Missouri Department of Conservation, Fort Leonard Wood.	Herpetological survey at Fort Leonard Wood Military Base, Fort Leonard Wood.
2:30	Robert D. Aldridge* and Anna Arackal.	St. Louis University, St. Louis.	Reproductive Biology and Stress of Captivity in Male Brown Treesnakes (<i>Boiga irregularis</i>) on Guam.
2:45	BREAK		
3:15	Mark Mills ^{1*} , Teffany Sample ² , Jennifer Godfrey ³ and Sandra Mosquera ¹ .	Missouri Valley College, Marshall ¹ ; Arkansas State University, Jonesboro ² ; Southern Illinois University, Edwardsville ³ .	Reproductive ecology of an urban population of small-mouthed salamanders (<i>Ambystoma texanum</i>): year three.
3:30	Nathan Windel* and Alicia Mathis.	Southwest Missouri State University, Springfield.	Behavioral and metabolic responses of the southern red-backed salamander (<i>Plethodon serratus</i>) to predatory stimuli: influence of body size.
3:45	David Ashley.	Missouri Western State College, St. Joseph.	A report on a species of ectoparasite on the grotto salamander (<i>Typhlotriton spelaeus</i>) in Tumbling Creek Cave, Taney County, Missouri.
4:00	Robert Aldridge.	St. Louis University, St. Louis.	Reproductive biology and stress of captivity in the brown tree snake.

4:15	Jeffrey Briggler. Missouri Department of Conservation, Jefferson City. Trace from the past: herpetofauna discoveries.
4:30	David Easterla. Northwest Missouri State University, Maryville. Those numerous, beautiful, diverse and “crazy” color morph reptiles in the Big Bend Chihuahuan Desert Country of Southwest Texas.
5:00	Business Meeting
